# LookListen

**MAY 14 - JULY 4, 2015**

**CRAFT ONTARIO GALLERY**

990 Queen Street West, Toronto

Hours: Monday - Saturday, 11 am - 6 pm

Toronto's alternative music community is marked and documented by a distinct material culture that exists as an essential component of local networks of musicians and makers. While recordings and live performances are a large part of the music experience, the music scene is also embodied by unique practices that include DIY methods, experimentation and collaboration.

*LookListen* is curated by Nathan Heuvingh, and examines the contributions of Michael Comeau, Anne Douris and Martin MacPherson through objects such as limited edition print posters, video and album artwork.
